POLIVICK WILL RECOVER LAND

APPELLATE COURT HAS DECIDED THAT HUSBANDS MUST RELINQUISH.

AUDITOR'S AGENT SALE IS DECLARED ILLEGAL

JUDGE REED TRIED BOY AT BENTON—LAD GOES TO REFORM SCHOOL.

Judge Opens The Civil Term of Circuit Court Here Tomorrow Morning.

Lawyers Oliver, Oliver and McGregory yesterday received word from Frankfort that they had won before the appellate court the suit of F. J. Polivick against William M. Husbands, which is a strong contest over some land in the Mechanicsburg portion of the city. The lawyers won in the lower court for Polivick also. Polivick owned some property here and the state auditor's agent sold it for taxes claimed due the commonwealth. Husbands bought it in from the auditor's representatives. Polivick sued Husbands to recover the land on the ground that the auditor's sale was illegal. Polivick won here in the circuit court, but the other side took it to the appellate bench, where the lower tribunal is affirmed.

To Reform School.

Yesterday in the circuit court at Benton Judge Reed empaneled a special petit jury to try Charles Gray, a small white boy, who is charged with having broken into the storehouse with intent at burglary.

The jury convicted the young fellow and sent him to the penitentiary for one year. The judge changed this and ordered the boy to the reform school on account of his tender age.

The juries were all dismissed some days ago at Benton on account of their being nothing to do, but yesterday was the final day for that term. Finding the boy was ready for trial Judge Reed summoned the special jury and heard his case. The judge then made the order closing the session.

Court Opens Here Tomorrow

Judge W. M. Reed will tomorrow morning open the fall term of civil circuit court which will continue in session for about seven weeks. The first week he decides to call over the entire docket of several hundred cases, and ascertaining which ones are ready for trial. He sets the day the respective actions are to be heard. It takes a day or two to do this, while the balance of this week he hears motions, makes minor orders and transacts other matters that settle the preliminaries.

Many important suits come up before this term of court.

Magisterial Tribunal.

Justice Charles Emery opens his magisterial court tomorrow morning at his office on South Fourth street.

BALLOONIST BACK

Brought Biggest Bag to be Repaired Before Starting Out Again.

William Howard Young, the well known young man of this city who has been making balloon ascensions in Tennessee cities, returned here yesterday with his balloon to be repaired. When it is done he will resume his trips.

Young started to make an ascension Friday at Trenton, Tenn., and

just as he started up the wind caught the balloon, threw him into a tree, then shot upward for 200 feet. The big gas bag began coming down and striking earth, the gale blew it several hundred feet across fields and fences, dragging along Young, who was attached to the balloon by a belt. Finally he worked loose, and saved himself from serious injury. He is very sore and bruised as result of the experience.

NO FOOTBALL AT KENTUCKY

University Curators Sit Down on It—May Have Class Teams.

The executive committee of the board of curators of Kentucky University, at an adjourned meeting decided not to reinstate intercollegiate football at that institution this year. The action of the committee does not prevent the formation of class and society teams.

It was decided to reinstate basketball at the college.

The attitude taken by the committee was that of encouraging all forms of athletics as a means of healthful recreation among the students of the university—Lexington Leader.

MAYOR'S BIRTH.

Mayor Yeiser Will Never Tell His Age to Anybody.

Yesterday was the birthday of Mayor Yeiser, but true to his rule for years, he refused to tell his age and this kept his friends around the City Hall guessing. Judging from his frisky manners around the ladies, some guessed him as low as seventeen, while others who have seen the disheartened and aged look on his face after he came out of an unsuccessful political campaign, guessed him as high as 103. The mayor on being pressed for an answer as to how old he really is, desponded "I am just thirty five and then some." Those on the inner circle say he is 50 years of age.

TENNESSEAN'S AWFUL CRIME

CHALBERN MANTOOTH, OF NEWPORT, KILLS WIFE AND 4 CHILDREN.

HEADS AND BODIES CHOQPED WITH AX

TWO OTHER LITTLE ONES ARE FATALLY INJURED BY LOVING (?) PARENT

Who Then Completes the Job by Cutting His Own Throat From Ear to Ear.

Newport, Tenn., Oct. 13.—Chalbern Mantooth, aged 50 years, and one of the most prominent farmers of Cocke County, this morning murdered his wife and four children, fatally injured two other children and then committed suicide by cutting his throat from ear to ear.

The terrible tragedy was enacted at the Mantooth home about 8 o'clock. It is believed he became suddenly insane, for no other motive can be conceived of why he would wantonly destroy his entire household. An ax was the weapon used with such deadly effect. The wife and children were brained. The two children who were still alive at 10 o'clock this morning cannot possibly recover, their skulls having been crushed and the brain exposed. It is regarded as miraculous that they, too, did not die instantly.

The inquest will likely be held this afternoon, and the funeral of the dead will probably occur today.

Miss Ruby Corbett has returned from visiting in Louisville.

ATTORNEY CECIL REED MADE RECEIVER OF REHKOPF FIRM

REFEREE BAGBY SELECTED HIM ON RECEIVING THE ORDER FROM JUDGE COCHRAN OF THE UNITED STATES COURT AT LOUISVILLE, AND WHICH ORDER PASSED THE BANKRUPTCY PROCEEDING AGAINST THE REHKOPF HOUSE TO MR. BAGBY FOR SETTLEMENT.

Attorney Cecil Reed, master commissioner of the Paducah circuit court, is now in charge of the E. Rehkopf Saddlery Company's plant and business here, having been selected by Referee E. W. Bagby of the bankrupt court to occupy this important position. He executes bond in the sum of \$25,000 to guarantee the faithful performance of his duties.

Several days ago Judge Cochran of the United States court at Louisville adjudicated that the Rehkopf firm was bankrupt, and ordered that their business be wound up by Referee Bagby of this city's branch of the bankrupt court. Mr. Bagby got the judge's order last evening, and upon its arrival issued the instruction for Lawyer Reed to be the receiver.

Ordinarily a receiver is not selected in the bankrupt court, but the creditors in this instance asked the referee for one to have charge of the properties and business until the trustee is named. The trustees are elected by the creditors, those having a majority of claims against the firm designating the trustee who must be named inside ten days after Referee Bagby gets the order passing the case over to him. Mr. Bagby has not yet

NAME TRUSTEES FOR VACANCY

CITY DEMOCRATIC COMMITTEE WILL DO THIS AT ONCE

COLES' DISQUALIFICATION LEAVES ONE VACANCY

SUPERINTENDENT LIEB AND PARTY SPENT YESTERDAY CRUISING DOWN RIVER.

High School Faculty Will Hereafter Publish Names of those receiving Special Mention.

Next Wednesday the City Democratic committee expects to meet to select the party candidate for school trustee from the fifth ward. When the municipal primary was held September 17th, J. A. Cole, the contractor, was elected from the fifth ward, but it developed that he did not reside in that ward, but over in the fourth. As a school trustee has to live in the ward from which he is elected, this disqualified Contractor Cole, and leaves no Democratic nominee for that ward except Trustee William T. Byrd, who is nominated to succeed himself. As two trustees are to be chosen from this ward, another will have to be named by the committee to run with Mr. Byrd.

Outing Abroad Launch.

Superintendent Lieb, Professor Shrieves of the science department, and Professor Payne of the high school, accompanied by several of the school boys, spent yesterday cruising down the Ohio river aboard the handsome launch belonging to the superintendent. They went to Metropolis and other points below here,

coming back late in the afternoon.

Football Game.

Next Saturday in the local grounds the football team of the Paducah high school will play the Metropolis club that is coming up for that purpose. These clubs intended playing October 6th at Metropolis, but the boys from here could not go down, as the launch of Superintendent Lieb, on which they intended making the trip refused to work, and by then it was too late to catch a regular boat. The local lads are in fine shape and have already sold many tickets to the game which they believe will be a financial success.

Interesting Feature.

The high school faculty has decided that every four weeks they will have published in the daily papers the names of scholars who receive "special mention" the preceding four weeks for their interest in work and deportment. They think that inasmuch as the pupils should be proud to see their names before the public this will act as an impetus for them to take deeper interest and produce better deportment. For the first four weeks of school the list shows the following received mention of an especial nature:

Honorary mention for deportment and interest in work: Marjorie Mammen, Mildred Piper, Ellen Rutterka, Kate Steinhauer, Essie Smith, Ella Wilhelm, Marion Williamson. Mary Wheeler, R. J. WELL KNOWN LADY VERY ILL

MRS. JOHN CASSELL SERIOUSLY ILL WITH TYPHOID FEVER.

Thomas Wooldridge Knocked In Mouth by Hammer Thrown From Machine.

The host of friends of Mrs. John Cassell will regret to learn that she is dangerously ill with typhoid fever at the home of her mother, Mrs. M. Carney of Jefferson near Tenth street. She is suffering from typhoid fever. She is the wife of the well known Illinois Central railroad engineer, and was formerly Miss Carney.

Condition Serious.

Word from Datto, Ark., is that Mrs. Mas Hill continues in quite a serious condition as result of being thrown from their buggy while out driving with her husband.

Abcess Opened.

Yesterday morning at his home in the county, Mr. Irvin Potter was operated on by Dr. J. T. Reddick, who opened a mammoth boil on his back. The boil was nearly as big as a quart cup.

Struck In Mouth.

Thomas Wooldridge, machinist apprentice at the railroad shops, is short two teeth and has a big gash in his lip as result of a machine which struck his mouth.

Fell From Wagon.

Grocer John Gear of 225 Ashbrook avenue was preparing to get off his delivery wagon yesterday morning while in front of the grocery when his foot caught in the wheel, throwing him to the street and his head and face were painfully injured.

Mr. Sherrill Out.

Mr. Virgil Sherrill is able to be out after a two week illness with malarial fever, but has not yet fully recovered his strength.

LADY FORMERLY RESIDED HERE

MRS. THOMAS BAIRD PASSED AWAY AT DUVAL'S BLUFF

PASSED AWAY AS RESULT OF CANCER

HIGHLY ESTEEMED CHRISTIAN LADY WHO RESIDED HERE.

Yesterday Morning There Passed From Life Mr. Matthew Ham, After Short Illness.

Information has been received that last evening at 8:30 o'clock Mrs. Thomas Baird died at their home in DuVal's Bluff, Ark., where she has been making her home for the past year. Dissolution was caused by cancer for which she was operated on some months ago. She has been gradually growing worse for some time, until claimed by death.

Mrs. Baird was about 45 years of age and one of the most lovable and purest Christian women. For years this city was the home of the family, which went to Arkansas last year to reside. She was a close communicant of the Christian church, and whose walks through life were endearing features to her wide circle of friends.

The deceased is the wife of Mr. Thomas Baird, who was formerly connected with the brewery of this city in the capacity of salesman. Besides her husband she is survived by two children Miss Camille Baird and Mr. Jesse Baird, the latter was connected with the freight and yard department for the Illinois Central railroad in this city for a number of years. Mrs. Baird was a sister of Mr. Edward Laveau, the paperhanger and hotel man of Third and Jefferson street.

The funeral will occur tomorrow, followed by burial at DuVal's Bluff. The death came in the nature of quite a shock to all with except a few intimate friends who knew of her hopeless condition.

Well Known Man Died.

Yesterday morning at 2 o'clock this city lost a well known resident in the person of Mr. Matthew E. Ham, who passed away after only a few hours illness with apoplexy at their home, 313 North Sixth street. He became suddenly ill Friday night, and never regained consciousness, rapidly sinking until claimed by the Grim Reaper at the hour designated yesterday morning.

Mr. Ham was born December 13th, 1862 at Paradise, Muhlenberg county, this state. Nineteen years ago he was united in marriage to Miss Lena Ewell of this city and shortly thereafter entered business for himself in Christian county. Later he went upon the road as traveling representative and made his home in Birmingham, Ala., where he lived for six years. In 1900 he moved to this city, which has been their home ever since.

For years he has been on the road, traveling for a coffee and spice company, his territory being Western Kentucky, Tennessee and Southern Illinois. He was one of the best known drummers of this vicinity, his geniality and whole-souled disposition making warm friends of everybody. He came in off his last trip only a few days ago in the best of health, therefore his sudden death will be received as a shock in the surrounding section.

Mr. Ham is survived by his wife and two daughters, Miss Ewell Ham and Miss Caroline Ham, the latter being the popular musical instructor in the Paducah public schools. One brother also survives, Mr. Luther Ham of Muhlenberg county.

This morning at 8:30 o'clock the funeral services occur at the family residence, those officiating being Rev. W. E. Cave of the First Presbyterian church and Rev. T. J. Newell of the Broadway Methodist church. Burial follows at Oak Grove cemetery.

Effects of Storm.

Louisville, Ky., Oct. 13.—The effects of the recent gulf storms are plainly seen in the Louisville & Nashville's statement of earning for the first week in October. For the first time in months a decrease is shown of \$6,325. The road's increase for the fiscal year since July 1 has been \$1,292,291, however.

Wickliffe Postoffice Safe Blown Open and Robbed of \$400

Yesterday morning word was received here from Wickliffe stating that sometime during the night before the postoffice was broken into by thieves who blew open the safe and stole about \$400 in money and stamps.

The thieves effected an entrance through the rear of the building, and blew open the safe, which was pretty

badly wrecked by the explosion that scattered things around promiscuously. The thieves made a clean sweep of everything they could find and succeeded in making their escape with out detection.

Mr. James Miller, the postmaster, is a brother of Mr. Edward R. Miller, the Paducah tobacco inspector who resides on North Fifth near Madison street.

The county democratic committee met yesterday afternoon at the county court house, but did not finish selecting all the precinct officers who are to have charge of the state democratic primary that occurs November 6th, the same day of the general election. SHIP MACHINE NEXT SATURDAY

GENERAL ELECTRIC COMPANY WRITES THAT THIS WILL BE DONE.

By Time the Outfit Gets Here All the Poles and Wires Will Be In Position.

Next Saturday there will be shipped by the General Electric company of New York the new machinery ordered for the city's electric light plant on Madison street, according to a letter received yesterday by Superintendent Kebbler of the powerhouse. The communication was from the General Electric company which got the contract to supply the new mechanism needed to enlarge the local powerhouse so electricity can be furnished for the thirty new street corner lights being placed in position now. By shipping next Saturday the company will get the machines here by the last of the month, as it takes about ten days for freight to come from New York.

Superintendent Kebbler has his men rushing operations getting up the poles and wires at the corners where the new lights will be placed. He will have this completed by the last of this month, which will leave everything in finished condition so the current can be turned on just as soon as the new machinery is installed. The linemen got about 12 new places ready week before last, while the past week nine more corners were finished, and the remainder will be completed by time the new mechanism arrives. It will take about one week to unload and install the latter.

It is declared that those responsible for this condition of affairs are mostly northern men and the companies engaged in the turpentine and lumber business and in mining phosphate rock.

PADUCAH MEN LEAVE TOMORROW

DELEGATES GO TO OHIO VALLEY IMPROVEMENT ASS'N MEETING.

Local Representatives Will Urge That Crew of Men Be Started to Work at Cairo.

Messrs. Saunders A. Fowler, Henry A. Petter, James H. Ashcraft and Mark Cole leave tomorrow at noon for Portsmouth, Ohio, as the Paducah delegates to the annual convention of the Ohio Valley Improvement Association. The prospects are for one of the largest gatherings since the organization was effected, some years ago, as now nearly every city along the Ohio river affiliates and everyone is taking deep interest in the movement to completely lock and dam that mighty stream so a nine-foot stage of water can be had the year around from Cairo to Pittsburgh. The convention opens Tuesday evening, and remains in session until Thursday night.

Mr. Fowler last evening said that he and the other Paducah delegates on arriving at the convention, would urge the apparent necessity for operations in this end of the Ohio river. The government forces are gradually coming down the river, having built locks and dams from Pittsburgh to Cincinnati, and are still coming on down. Mr. Fowler and the other Paducahans want one crew of men started to building the dams and locks at Cairo, and work their way up the river until they meet the force coming down stream. By these two sets of men working, operations can be expedited in just double quick time, then when one crew is laboring.

Throw Off the Corporation Yoke.

It is now but a little over three weeks when the voters of Paducah must decide upon one half of the general council and board of education. The men who will be elected are to serve for two years, and the affairs of the city will be largely in their hands for that length of time.

There is but one real issue in this city and that is whether the corporations shall govern the city or whether the people shall rule. It is a fact that this city, for ten years past has been dominated by the corporations and that the interests of the people have suffered thereby. A coterie of bankers and their associates have reaped fortunes by franchise grabbing and controlling the public utilities. Every consumer of gas, water, electric lights and power are paying a heavy tribute to that gang. They have found the business of grabbing franchises to be the most valuable and best paying in which they can engage. They have control of both the democratic party and the republican party in this city and will continue to dominate the nominations of those parties until the people rise up and sweep them aside. The democrats have been tried and the records show that in every contest between the interests of the corporations and the interests of the people, that they betray the people and lined up with the corporations; A change was made by the independent voters of the city and a republican general council was elected. The republican gang is deliberately at work to turn the entire city over to that crowd of free booters, and insolently refused to give the people the privilege of expressing themselves on the question of owning a water and light plant. Thousands of the people of this city are in favor of the city owning those utilities in order that the cost of the service may be reduced and the people obtain the benefits of low rates, but four or five men have the insolence to say you shall not vote on the question, but continue to be held up by the handful of men who own those utilities. Instead of acting for the people they are but the servants of the corporations. Where do the corporations get their pull on those men? Through certain banks.

If Paducah owned the water and light plants and charged the same rates now charged by the those concerns the net profits to the city would be over \$100,000 a year. Less than \$100,000 will enable the city to own plants similar to those now here, and it would prove to be a fine investment for the city. But no, four or five men are determined that the thousands of consumers shall not escape the clutches of the gang who stand behind them.

There is a way for the people to destroy the hold that the corporation gang has on Paducah and that is to be done by defeating the tickets dolled out by those people. The president, George Brown, one of the corporations and Fisher, Marshall, Barker were most active in buson, Germain, to run for the demagogue, Russell, Barker, and when that Fred Moore, Plan, bled, Howard, they set to work Charles McGregor, lican ticket. On both Gray, Owen, Bell, ere smart enough to

two anti-corporation Sans Souci Members. Very pleasant was those men, would meeting of the seasweight when it came Souci club with Mrs. solving the interests

of the corporations. If the voters will take the pains to investigate the business connections of many of the candidates on both the democratic and republican tickets they will find quite a number of the candidates engaged in business in concerns backed by the ring leaders of the corporate interests. Those leaders belong to the class that rule or ruin in business; If they cannot rule a man they will ruin him; They are cold blooded money sharks.

Fortunately for Paducah, an independent ticket has been placed in the field for general council; The candidates on that ticket have announced a platform for municipal ownership, and if elected they will not only vote for the people to have a vote on the proposition but they will see that the corporations hereafter pay for all privileges they may secure from the city, and will also see that the interests of the people are protected from the greed of the corporations.

The fight is now on between corporations and the people and every citizen should line up against the corporations. They are not satisfied with having already made fortunes at the expense of the people, but are reaching out for a still stronger hold on the city. Both parties have been given a full and fair trial and they have shown themselves to be against the people, and it will be sheer folly for the voters to expect any relief from men selected by the corporations of Paducah. The way to put a stop to the people being plucked by that gang is to elect the independent ticket. This can be done easily if every man on the side of the people will vote for that ticket.

Right here we will caution every man who intends to vote for the independent ticket to beware of the election workers in the employ of the corporations. Those fellows will go to democrats and tell them if they vote for the independent ticket that it will mean the election of the republican ticket, and they will tell the republicans that a vote for the independent ticket means to elect the democrats. Their hired workers will try to arouse every man's political prejudice and keep him from voting for the ticket which the corporations hope to defeat. It makes no difference to the corporations which one of the other tickets is elected—they have their men on both the republican and democratic tickets. We have learned that several thousand dollars have been made up to be used in this election, and it is for the voters to say whether or not the election can be carried by money. If the election is won by that crowd it means an increase in rates of the public utilities the first of the year.

There are over 2,000 voters in this city who are in favor of municipal ownership, for the city has been canvassed and if they will turn a deaf ear to the ward heelers and vote for the independent ticket it will get more votes than both of the other tickets put together. Now is the time for the true Americans in Paducah to assert themselves and settle the question by showing the corporation gang that the people intend to govern this city. Every man on the independent ticket is a clean man and if elected will stand up for the rights of the people. As soon as the ticket was made public, the emissaries of the corporations went to certain men on the ticket and by all means in their power endeavored to get them to withdraw from the ticket. The Register has always stood for the people and fought their battles at a great cost, and now the opportunity is open to every citizen to do his duty by working for the election of a ticket composed of men who he may trust. There is no politics in the city election and no question involved as important as the one question of the fight between the corporations and the people. Every voter in this city can size up the situation for himself, and if he believes it best to turn the city over to a coterie of franchise grabbers he can so signify by voting for either the democratic or republican ticket; But if he believes that a change should be made he can easily do his part towards that end by voting for the independent ticket. Statistics from other cities owning their water and light plants, will be put before every voter and they will convince the most skeptical that what Paducah needs at this time is to shake off the hold that the corporations have

on this city. Every man in this city, be he ever so poor in dollars and cents, has just as much interest in Paducah, as the gang who have grown rich by imposing on the public.

A Few Thoughts.

Just a few brief words to our readers. Have you ever stopped to think of the constant warfare that is going on between the forces of good, and the forces of evil? You stand on one or the other sides of the question. Evil cannot exist in its present proportions without the consent of a large number of those who lead moral lives. Indifference to the situation is lending aid to those who would overturn the good. Every individual is invested with a certain responsibility, and is therefore, responsible either for the good that may be accomplished, or for the evil that may flourish. If every good citizen in Paducah would come out openly and emphatically for everything that is right and not be afraid to vigorously assail everything that is wrong, a marvelous change would be enacted in our civic life and its healthful influences extend to every fireside. Men are prone to yield to the weakness of the flesh and to court the favor of his fellow man, but the great mistake he makes in this particular, is his indifference to the character of those whom he would please. Where one surrenders a principle, or compromises a duty to incur the good will of another he inflicts upon himself a positive injury and eventually deadens the high respect entertained for him by his true friends, and his lack of character often becomes apparent to the very members of his family.

What the world needs at this time is men with back bone and courage. Each individual must establish his standards of right and wrong and upon these lines erect a character, and live it. Self respect is the prime factor in life, and the man who guards it jealously is indeed a fortunate person. It is in strict accord with human nature to despise a hypocrite, and no man can deceive himself, consequently he must suffer for his own acts. The fact that one may feel that he owes no duty to his fellow is a grievous mistake and does not change matters. Every man owes a duty to society and that duty is to stand for everything good, pure and just. This duty he cannot fulfill except he establish and maintain standards for the government of his own conduct and that of others. Experience has determined what they are. Toleration of evils must be laid at the door of the good citizen. When good men speak out and become active in the elimination of evil, it will flee from the city. The many gambling hells and holes of iniquity could not exist in this city if every good citizen would do his part in a general demand for reform. Who furnishes the victims for these dens of vice? Whose homes are contaminated and blighted by their presence in this city? What is your duty in the premises? These thoughts are worthy of the consideration of all good citizens.

According to a dispatch from New Orleans, the saloon license at Shreveport, La., has been raised from \$1,000 a year to \$2,500, there being one hundred saloons affected by the increase which goes into effect January 1, 1907. The license fee of \$2,500, we believe, is the highest ever charged in this country, and will be the means of shutting many dives in Shreveport.

The campaign in Chicago is warming up. Arrangements have been made for the nominees of the Independence League to address the workmen at the factories at the noon hour and it is estimated that over 100,000 voters will be reached by the meetings.

MAN SHE THINKS MULATTO

Los Angeles Woman Seeks Decree After Twenty-one Years—He Doesn't Admit Charge.

Los Angeles, Cal., Oct. 13.—Alleging that her husband has negro blood and that she discovered it only after a married life of twenty-one years, Mrs. Mary H. White appealed to Judge Walter Bordwell to dissolve the marriage tie that binds her to Albert White, an insurance agent, and also to give her the custody of her minor children. The chief allegation, supported by affidavits from Brownsville, Tenn., declare that White is a mulatto, whose real name is Fitzpatrick. The court finally refused the divorce. White on the stand said that his mother when last he heard from her fifteen years ago

lived near Brownsville, Tenn., but he did not know her name since her last marriage.

"Was your mother a white woman?" asked Judge Bordwell.
"I always supposed so," was the reply. "She looked that way to me when I last saw her in 1891."

STEAMERS JAM IN DENSE FOG

SLEEPING PASSENGERS HURLED FROM BEDS INTO ICY HUDSON.

Panic Among the People on Board Barely Averted by the Coolness of Officers and Crew.

Kingston, N. Y., Oct. 13.—The night passenger steamer Adirondack of the People's Line, of Albany, and Saratoga, of the Citizen's Line, of Troy, collided near Glasco, twelve miles north of the city at 1:15 o'clock this morning. Clarence Sherman, of Melrose, N. Y., an oiler on the Saratoga, was killed and George Morton, of New York City, clerk on the Adirondack, is missing.

The collision occurred in a dense fog, which prevented the pilots of either boat from seeing the other. Both, it is thought, missed their bearings.

The Saratoga sustained the greater damage. The Adirondack tore off the port side of the Saratoga, which listed to port, and her boiler went overboard and sank.

Sherman, an oiler, was instantly killed by flying timbers. An employee named Horton, on the Adirondack is supposed to have been knocked overboard and drowned.

Many passengers on the Saratoga were thrown into the water by force of the collision; but the crews of both boats assisted in rescuing them, and later they were transferred to the City of Troy, landed at Tivoli and sent to New York by train.

MOLD-UP MEN FIGHT DESPERATE BATTLE WITH POLICE

Toledo, O., Oct. 13.—A desperate encounter between policemen and three hold-up men took place early yesterday at Second and Maine streets, East Toledo. One of the policemen, Joseph Schlagheik, was fatally shot and two of the highwaymen were hurt. The third man, known as "Blackie," escaped.

Christ Peterson, Neil Myer and "Blackie" held up F. H. Carnell, an insurance agent, and after nearly choking him to death, robbed him of \$45. He notified the police, and Patrolmen Schlagheik and Peter Deaneune ran the men down. As soon as the highwaymen saw they were pursued they began shooting.

The first shot caught Schlagheik in the chin, knocking him completely around. Three shots struck him in the back. Deaneune's first shot broke Myer's wrist. Then Deaneune grabbed Peterson and slugged him with his club. Myers and Peterson struggled hard but Deaneune held them until the patrol wagon arrived.

FRISCO PREPARES TO FIGHT THUGS

One Firm Sells 6100 Revolvers in One Day—Hard Times Expected This Winter.

San Francisco, Oct. 13.—The citizens of San Francisco are arming themselves to resist thugs and footpads who have become so bold of late. Never was there such a demand for revolvers as now, and yesterday one firm made the unprecedented sale of 6100 revolvers.

"I sold more than 6100 revolvers yesterday," said the leading peddler in revolvers and sporting goods. "I never have known such a demand for weapons for defense as there is at the present time. I have sold more than 19,000 revolvers since last April, and most of these have been sold in the last two months." Evidently the citizens expect a hard time this winter, when, in addition to the rough characters now prowling the streets, others will flock in from the country, as they always do when the cold weather sets in. Apparently the people intend to protect their own lives and property rights.

At an informal social gathering of men last night 40 guests peeled off their coats because of the heat. It was noticed that in almost every hip pocket there protruded revolvers.

PLAN TO LOWER WATER RATE

New Ordinance Is Offered Before Chicago Council.

Chicago, Oct. 13.—Alderman Ed Cullerton came out for a flat water rate of 7 cents and also advocated a decrease in the frontage rates for water at a meeting of the water committee of the city council yesterday afternoon.

The committee at first appeared to favor an 8-cent rate, as this is the rate which Mayor Dunne advocates although the mayor has said that he advocates selling city water at cost and will favor a lower rate than 8 cents if it is shown that the department will not run in arrears.

PRISONERS TAKE INSOLVENT OATH

W. H. TAYLOR AND WALTER GREER WILL BE RELEASED TUESDAY.

Both Have Nearly Finished Their Six Month's Term Given For Bootlegging.

W. H. Taylor and Walter Greer will next Tuesday be taken from their cells in the county jail here and carried before United States Commissioner W. Armour Gardner, where they will take the insolvent debtor's oath and then be given their liberty from further penance for their crimes.

During the United States court here last spring, Taylor and Greer, both of whom came from Graves county, were each fined \$100 and given a term of six months in the Paducah county jail for selling whisky without a government license.

The law is that any government prisoner who is given a term and fine can serve the sentence, and then if they have no money or property, they can be taken before the commissioner and take the "insolvent debtor's oath," which relieves them of serving out the fine, with exception of thirty days. The six months' term of these two men is up next Tuesday. If they had not been good prisoners during their six months' confinement, they would have to serve thirty days of the \$100 fine, but as they have been exceptional prisoners of good record, the commissioner gives them credits of five days for each month of their confinement. This makes a full thirty days "good time" they get, and as this "good time" offsets the month's term they would have to make on the fine, they will be dismissed Tuesday on the debtor's oath being administered to them.

\$32,000 FIRE AT MONROE CITY —ORIGIN IS A MYSTERY

Vincennes, Ind., Oct. 13.—Fire of an unknown origin raptorially wiped out the business section of Monroe City, this county, between 5 and 9 o'clock yesterday morning.

Five buildings owned by Mary Conrad were destroyed. The larger buildings were occupied by W. H. Harrison, general merchant, whose loss is \$10,000, with \$4000 insurance. Noe & Krumer, butchers, occupied another building. Their loss is \$500. The other buildings were empty. Miss Conrad's loss on buildings is \$20,000, with \$4800 insurance. George W. Smith's general store was damaged \$600, fully insured. W. W. Claycomb & Co.'s general store and Snyder & Wilson's clothing store were each damaged \$500, with one-third insured.

RACE FOR LIFE WON BY FORMER KENTUCKIAN

J. Andrew Fesler Was Carried By Special Train to Physicians.

Mt. Sterling, Ky., Oct. 13.—News has been received here of a race for life between a train carrying Andrew Fesler and appendicitis, which had fastened its death hold upon him. Fesler won, but had a close call. He was suddenly stricken with appendicitis at Ely, Nevada, and physicians hastily summoned said an operation must be made immediately or death would ensue. A special train was gotten and the race for life was started to a hospital in Salt Lake City, Utah, eleven hundred miles away. The operation was performed just in the nick of time and Fesler's life was saved. He was born and raised in this city, and is well known in Central Kentucky. Young Fesler gained a unique distinction by going to the gold fields at Gold Fields, Nevada, and starting on a five-dollar bill and making a fortune of \$100,000.

LEAPS ON PILOT, SAVED.

Wagon Driver Escapes Death Under Fast Train.

Camden, N. J., Oct. 13.—Finding he could not escape the train, which was bearing down upon him at a mile-a-minute clip, Richard Ross, 18 years old, of 946 South Fifth street, driver of a delivery wagon leaped from his seat to the pilot of the locomotive and barely saved himself from death.

Engine shattered the wagon and killed the horse. When the train was brought to a standstill Ross was found lying senseless on the pilot. One of his arms was broken and he was badly shaken up.

The crash occurred at an unguarded crossing of the Reading-Atlantic City railroad.

WATER BILL'S FINAL ADOPTION

MEASURE BEFORE COUNCIL TOMORROW EVENING FOR PASSAGE.

The Proposition Must Receive Two-Thirds of the Votes Cast at General Election.

Tomorrow evening the city council meets in regular semi-monthly session, and during the session second adoption will be given the ordinance which submits to the people of this city at the coming election, the question of ratifying the contract made by the public boards with the water company, wherein the latter is to furnish water for the next eighteen years for fire hydrants. The measure has been passed twice by the aldermen and once by the council, which makes its adoption tomorrow evening one of finality. It will then be signed by the mayor, which is necessary before it is legal, and then at the coming election, if two-thirds of the people of this city vote to confirm the contract, it will be ratified. It takes that number of votes to carry the proposition.

The ordinance will be published daily in every newspaper in the city from next Tuesday until election day, November 6th, in order everybody can study over the provisions of the contract and thoroughly understand the question before balloting either for or against it.

Considerable other business comes before the council tomorrow night.

W. C. T. U.

(Communicated.)

A most impressive meeting was held by the W. C. T. U. last Thursday afternoon, as it was thought to be the last meeting with the union of Mrs. Julia Miles, superintendent of the evangelistic department, who is so soon to leave for her new, far-away home in Los Angeles, Cal.

On account of the high regard in which Mrs. Miles is held by all, it was arranged to give the members this opportunity to express to Mrs. Miles their appreciation of her worth and regrets at her departure.

Mrs. Jettie Elliott paid a beautiful tribute to her worth as a woman.

Mrs. Fannie Dunn spoke feelingly of Mrs. Miles' consecrated life and character as a Christian.

Mrs. Pearl Norvell said when we have good things to say of people, say them while they are living, and commented upon Mrs. Miles' helpful work and influence as a member of the union and of the great loss the union will sustain in her departure.

Every one present who had known Mrs. Miles personally, have testimony to the loss to the union occasioned by her withdrawal.

Mrs. Puryear, the president, in a voice trembling with emotion, said Mrs. Miles had been a great help and strength to her ever since she had become a member, and that she regarded her going away as an irreparable loss to the union. Then, as every head was bowed and eyes were filled with tears, Mrs. Puryear offered an earnest prayer commending our beloved sister to the care of our Heavenly Father wherever her lot may be cast.

After the organization of the county had been effected, when it was learned it was possible for Mrs. Miles to attend the next meeting, there was a general request that it be devoted to the work of the evangelistic department under the superintendency of Mrs. Miles.

SUICIDE HEAVY EMBEZZLER

Philadelphia Drug Manufacturer Robs Partner of \$500,000.

Philadelphia, Oct. 13.—According to a statement published on the authority of a member of the Wampole company Henry K. Wampole, the drug manufacturer, whose body was found recently in the East River, New York, died an embezzler of a large sum of money. It is asserted that Wampole robbed his business partners systematically. The amount secured by Wampole is estimated at \$500,000 and may be found to be considerably more. Wampole, it is stated, left papers representing several hundred thousands of dollars in about sixty banks of this city and state and also some in New Jersey. Not until a few days prior to his death did his partners have any idea of his defalcations. Since then the story has been carefully guarded.

The assets of the Wampole company are ample to meet all obligations or demands. The dead man, it is said, had for some time been engaged in a number of exceedingly risky transactions and even resorted to perjury in order to secure money from the banks.

Ha! Ha! The Long Looked For Has Just Arrived

AFTER 17 YEARS IN THE HANDS OF RIP VAN WINKLE, BUT WE HAVE COME TO STAY. LOOKOUT FOR US, WE'LL BE IN TO SEE YOU ON JANUARY 1ST, 1907, THE PURE FOOD LAW, THE MASTODON, THE BIGGEST ON EARTH.

To My Friends, My Enemies and the Public at Large:

I have this day changed the name of my place of business, at 116 South Fourth street, between Broadway and Kentucky avenue, to

The Home of Willow Spring

of Coon Hollow, Nelson county, Ky., a pure SOUR MASH WHISKEY, distilled by A. Cummins, distiller, registered distillery No. 10.

Willow Spring is a PURE LIQUID FOOD, sanctioned by the pure food law of the State of Kentucky. This Whiskey is made of 25 bushels of rye, 25 bushels of malt and 50 bushels of corn and the CRYSTAL WATERS of Willow Spring, Nelson County, Kentucky. There is no adulteration of any kind in this whiskey. I offer a \$100.00 reward to any chemist who will find one grain of impurities in this whiskey. My wines are pure California vintage guaranteed by one of the oldest houses in St. Louis, David Nicholson, whose name attached to the label guarantees purity. Therefore they are another of my liquid foods made from the delicious grapes of California. My blackberry brandy is guaranteed to be pure, made from the pure, delicious fruit, and the brandy is an imported Cognac guaranteed by the celebrated firm of Gordon & Dilworth. Another liquid food that can be used with impunity for sickness.

My Apple Brandy, one of the hardest of the beverages to get pure, is distilled from pure and well-law apples at McMinnville, Tenn., by Hennessy Bros., apple brandy distillers of McMinnville, Tenn. Another of my pure liquid foods made from apples.

I handle but one brand of Beer, the purest in the United States of America, made by the Anheuser-Busch Brewing Association, of St. Louis, Mo., both in draught and in bottles—the renowned Budweiser. It may have its equals, but none superior. Another of my liquid foods, made from pure malt and hops.

My Dear Friends and Patrons: Remember that everything dispensed over my bar is PURITY and guaranteed by the American Pure Food Laws of our State. Thank God for the pure food laws. They have been seventeen years coming, but have come at last. On the first of next January these laws will go into force in the entire United States of America and I am one of the few that has anything in the drinking line that will be endorsed by the National Pure Food Laws. These laws are going to be enforced as the government never before enforced a law in our great country. There will be no more so-called 10 and 15-year-old whiskies made yesterday by compounders and rectifiers, as the law will compel them to put on the labels exactly what it is, if it is rectified or compounded, made of drugs and chemicals. There will be no more so-called blends, for they cannot use neutral spirits and without spirits—a blend would cost as much as straight goods, and they cannot be labeled with fictitious ages and names of first-class whiskies. It will be death to blenders, rectifiers and so-called compounders.

Remember, the only place in our city where you can get Purity, both by the drink, quarts, pints or half-pints, is at THE HOME OF THE WILLOW SPRINGS, liquid food, 116 South Fourth street, Raducah, Ky. Remember the place and don't stumble and make a mistake or your head will tell you the next day that you have been drinking the vile and poisonous stuff of so-called blenders and rectifiers made yesterday in the big vats upstairs. So walk a few blocks more and come to the place where pure liquid foods are dealt to you in all their purities, at your friend's.

Columbian Celebration.

The 414th anniversary of the discovery of America by Christopher Columbus was celebrated Friday evening by the Knights of Columbus of this city, with an unusually large affair conducted at the Kentucky opera house, which was well crowded with friends. The chief speaker of the occasion was Rev. Father Nagle, the eloquent divine of Iowa, who made such an impression here when he lectured during the Chautauqua at Wallace park last June. He made a fine speech at the theater, his subjects being "International Law" and "Modern Diplomacy."

There is a Good Reason

For The Success of Our

SHOES

YOU are not a shoemaker; we are; so there's no need of going into an
analysis of the construction of the AMERICAN LADY Shoe. But the
fact remains that it satisfies over two million wearers. They know they
like it; that it gives style to the foot; that it gives comfort the first
day worn. And that is enough. It holds its shape longer than other
ready made shoes because it fits. Yet the enormous business done on \$3.00
to \$3.50 AMERICAN LADY Shoes keeps the prices moderate.
